Have your students been interested in being a part of the State Leadership Conference, and having some of their talents be displayed during the Post-Secondary or Secondary/Mid-Level Award Sessions on the big screens? If so, now is your chance to make that happen.

The Oklahoma BPA Multimedia Work Team for the 2015 State Leadership Conference will be meeting at the Oklahoma Department of Career and Technology Education in Stillwater, Oklahoma on November 13th, 2014. There are two parts to this meeting, the first part is a planning meeting for the SLC 2015 shows, videos, etc. and the second is a presentation by Oklahoma Horizon for you and your students to attend to get tips and tricks from the pros about how to make your videos amazing.

The morning planning meeting/video assignment meeting will be in the Curriculum Conference Room in the Curriculum Building just south of Seventh Street and the main CareerTech building. This portion of the day will be the time students can brainstorm and share ideas about what they would like to see at their State Leadership Conference. Students will select the shows they would like to produce, plan out shows with details and a unified theme. Students and teachers will also have time to discuss any other information which might be pertinent to the multimedia and video preparation for SLC 2015.

The afternoon workshop will be in the Tuttle Seminar Center in the main ODCTE building. This presentation will be given by Rob McClendon and Alisa Hines of the Oklahoma Horizon Television show produced right here at the Oklahoma Department of Career and Technology Education.
The two sessions will be separate from each other so that those advisors who do not wish to produce a video for SLC can still come for the afternoon session for training. Also, the advisors who are producing a video for SLC do not have to attend the afternoon session; however, it is highly recommended.

If you are interested in attending, please register your chapter by using the registration form. The deadline for registration is **Friday, November 7th, 2014 at 5:00PM.** Registration is free, and space is limited, so please register as soon as you can.
