Have your students been interested in being a part of the State Leadership Conference, and having some of their talents be displayed during the Post-Secondary or Secondary/Mid-Level Award Sessions on the big screens? If so, now is your chance to make that happen.

The Oklahoma BPA Multimedia Work Team for the 2013 State Leadership Conference will be meeting at the Oklahoma Department of Career and Technology Education in Stillwater, Oklahoma on November 14th, 2012 in the Tuttle Seminar Center. There are two parts to this meeting, the first part is a workshop for you and your students to attend to get tips and tricks from the pros about how to make your videos amazing; and the second is the planning meeting for the 2013 State Leadership Conference.

The morning workshop, starting at 10:00AM will be presented by Rob McClendon and Alisa Hines of the Oklahoma Horizon Television show produced right here at the agency. The second portion of the day, starting at 1:00PM, will be the time students can brainstorm and share ideas about what they would like to see at their State Leadership Conference. Student will select the shows they would like to produce, plan out shows with details and a unified theme, and any other information which might be pertinent to the preparation for SLC 2013.

The two sessions will be separate from each other so that those advisors who do not wish to produce a video for SLC can still come for the morning session for training. Also, the advisors who are producing a video for SLC do not have to attend the morning session; however, it is highly recommended.

If you are interested in attending, please register your chapter by using the registration form. The deadline for registration is Friday, November 9th, 2012 at 5:00PM. Registration is free, and space is limited, so please register as soon as you can.
